Dear Parents,

Science Week

What an amazingly exciting week we have had! Children have had the opportunity to explore a range of different science themes, from using robotics through Lego 'We do' to making slime, exploding volcanoes and making their own butter! On Thursday we were visited by Rolls-Royce where children learned about how jet engines are made and operate – with some exciting investigations! Year 5 and 6 also had the chance to put jet engines together and use virtual reality headsets.

How many people can you give the gift of a smile to this weekend?

Have a joy – filled weekend,
