

# THE GOVERNOR

SAINT CHARLES | CATHOLIC PRIMARY | MEASHAM

## My Governor Role

I am a Foundation Governor

## Background

I am married to Gwennie, we have 4 children and 5 grandchildren. My eldest child is 44 and youngest 27. My eldest grandchild is 14 and the youngest 2.

I was foundation governor for many years at the primary school of my first 3 children at Our Lady Queen of Heaven primary school, Wimbledon Common.

I am now retired. During my working life, I worked in various banks from high street banks to investment banks. I worked mainly in the risk and control departments, which is very much about oversight and ensuring compliance with the rules. I managed different areas with staffing levels of up to 25 people. My roles required me to challenge much more senior people with regard to their compliance with the rules.

## Aims

I hope to participate in ensuring that St Charles continues with its high level of development of the children and that my role will help me to assist the school in achieving this. I am very impressed at the maturity of the children in their courtesy, spiritual awareness and confidence in themselves. I hope that I, in some small way, can help to ensure this continues.

## Tony Holt

I retired 3 years ago and have been waiting for the right volunteering opportunities to come my way and I believe God has blessed me with this opportunity to serve St Charles School.

Having put 4 children through schooling I believe this will help me to make balanced decisions when considering the development of the children and support of the teaching and other staff.

As a governor it is our role to work to ensure the spiritual and educational well being of our children and I pray I will be successful in doing so.
